## CONTENTS

Preface	7
Method of work	10
THE QUALITIES NEEDED TO MAKE IT TO SPACE ARE PATIENCE AND HARD WORK	11
William Surler "Bill" McArthur, Jr.: <i>"The qualities needed to make it to space are patience and hard work. Patience because it takes a long time, and hard work because the education and experiences needed to become an astronaut require significant effort."</i>	12
Expedition 12 commander and NASA science officer to ISS	18
What is the International Space Station?	30
ABOUT SPACE WITH YURI PAVLOVIC GIDZENKO AND MARC PAUL CIUPITU FOR THE MAGAZINE CURIERUL ROMÂNESC	33
Yuri Pavlovic Gidzenko: <i>"Cosmonauts and astronauts have to create their own view about their future life as a cosmonaut or astronaut."</i>	34
Colonel Yuri Pavlovic Gidzenko has an extensive space travel resume!	44
I'VE ALWAYS WANTED TO FLY IN SPACE	51
Christer Fuglesang: <i>"I wasn't specifically determined to become an astronaut, but I've always wanted to fly in space."</i>	52
Astronaut Christer Fuglesang training session in the	64
